

Dow Corning® R41 CLEANER PLUS

NOW AVAILABLE!

This newly developed Cleaner allows **cleaning and surface preparation in one step = Cleaner Plus.**

Dow Corning R41 Cleaner Plus improves the security of bonding applications as the surface is also prepared for bonding during the cleaning process. It is particularly effective when substrates show variance in their surface finish. *Dow Corning* R41 Cleaner Plus facilitates adhesion by surface activation of the substrates which promotes adhesion of the silicone to the substrate.

Product Facts *Dow Corning* R41 Cleaner Plus

- **Material number:** 4108850
- **Package:** 5L canister
- **Useable life:** 18 months

Application of *Dow Corning* R41 Cleaner Plus

- Clean surface with *Dow Corning* R41 Cleaner Plus using the 2-cloth-method
- Air dry between 15 to 30 minutes to allow all solvent to evaporate
- Apply the *Dow Corning* sealant according to the *Dow Corning* Technical Manual

Characteristics

- Cleaning and surface preparation in one step
- Improved security due to surface activation
- Contains a special catalyst for adhesion preparation

Dow Corning R41 Cleaner Plus is not recommended to be used in combination with other primers such as *Dow Corning*® 1200 OS Primer or *Dow Corning*® Primer C. It is developed to be used in applications where only cleaning is required. However, when compared with a normal cleaner, *Dow Corning* R41 Cleaner Plus can help to improve the adhesion build-up during the curing process following silicone application.
